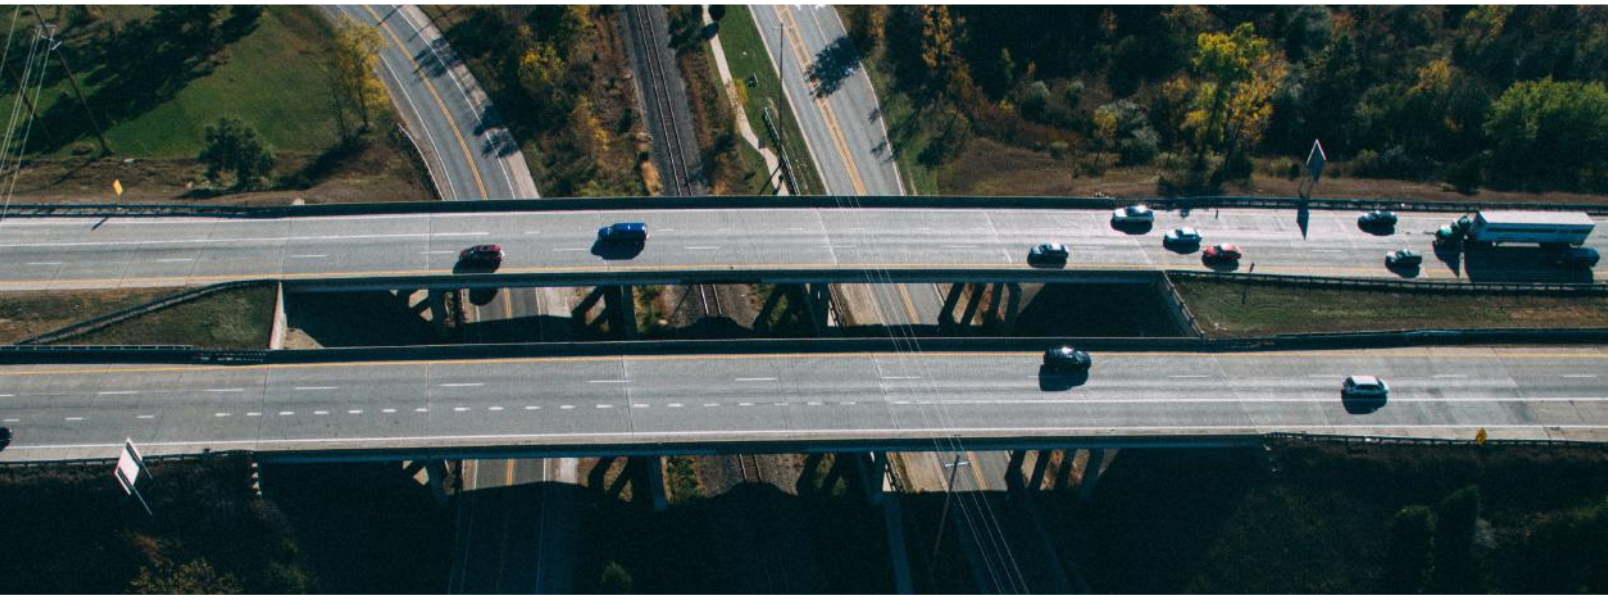
AEGIS II® XTREME



ORNAMENTAL PEDESTRIAN RAILING

Engineered to meet AASHTO LRFD*

Aegis II Xtreme is the obvious front-runner in *strength and durability for decorative pedestrian bridge railing.* With a dual ForeRunner rail and *multi-layer coating,* this pedestrian railing is unmatched in overall product performance. In addition, the manufactured design of Aegis II Xtreme allows for a simplistic installation that yields extreme project savings.

**Note: Load combination limit state: Strength 1, 1.00 design live load, 1.25 dead load.*

FABRICATION & DESIGN

The innovative design of the Dual ForeRunner rail contains an internally secured galvanized retaining rod that allows for variable pitch connection, biasability and eliminates the need for visually unappealing external fasteners. Galvanized inside and out; to protect against internal corrosion; puts the Dual ForeRunner rail in the upper echelon of decorative railing options.

PERMACOAT™ PROTECTIVE FINISH

Ameristar's production facilities use a state-of-the-art polyester powder coating system that provides a durable and scratch resistant finish. Aegis II Xtreme is protected with Ameristar's PermaCoat multi-layer coating process. The combination of these layers delivers a system that increases weathering resistance and product durability. The Ameristar coating system results in finished surfaces with unmatched performance.

10 YEAR LIMITED WARRANTY

The family of Aegis steel products are manufactured from the highest quality materials by skilled craftsmen to meet the highest standards of workmanship in the industry. This is why Ameristar proudly offers a limited 10 year warranty.

MEETS BUY AMERICAN

Ameristar is committed to providing products that meet the Buy American Act. We have made significant investments in technology, process improvement, and employee training in an effort to secure American jobs and combat inferior products.
